GOOD SERMONS FOR DOTHAN

Large Congregations Are Hoped
For in Local Churches
Sunday.

PASTORS SELECT TIMELY SUBJECTS

LaFayette Street Church to In-
stall Stewards at Night
Service.

Pastors of the various churches
have selected interesting themes
for their sermons at the morn-
ing and evening hours Sunday.
and large congregations are
hoped for. Local preachers are
deep students and interesting
talkers and the churches are
usually well filled.

The Sunday Schools of the city
are seeking new members and
they announce that visitors are
welcome, and that they have
classes suitable for all.

To Install Stewards.

The LaFayette Street Metho-
dist church will have special ser-
vices at the evening hour at
which time a board of stewards
elected for the ensuing year, will
be installed. At this church
Dr. W. P. Dickerson will preach
at the night service while the
pastor, Rev. G. K. Williams, will
preach Sunday morning.

LaFayette Street Church

Sunday School will meet at
9:40 a. m. We hope to have ev-
ery member of the school pres-
ent. Judge W. R. Chapman, su-
perintendent.

Preaching at 11 a. m. by the
pastor.

Preaching at 7 p. m. by Dr.
W. P. Dickerson.

At the evening hour there will
be a special service installing
the board of stewards for next
year.

Visitors and strangers receive
a cordial welcome at all the ser-
vices.

G. K. Williams, Pastor.

First Presbyterian.

Sabbath School, 9:30 a. m. D.
C. Carmichael, superintendent.

Preaching at 11 a. m. and 7
p. m. by pastor.

Christian Endeavor meeting at
6:30 p. m.

These services are all public.
The public is cordially invited
to attend all of them. Good mu-
sic and a hearty welcome awaits
everybody. All pews are free in
this church.

The pastor will preach in Slo-
comb at 3 p. m.

R. L. Campbell, Pastor.

JOHN MALONE GOES TO PENSACOLA, FLA.

Dothan Man Is Made Cashier of
The National Bank of
Commerce.

MALONES HELPED IN REORGANIZING BANKS

John Malone Succeeds Edgar E.
Malone, Who Recently Became
President of the American Na-
tional Bank.

John W. Malone goes to Pen-
sacola, Fla., where he has been
elected as cashier of the Nation-
al Bank of Commerce, of that
city, succeeding E. R. Malone,
who was this week elected presi-
dent of the American National
Bank.

The Malones went to Pensaco-
la early last year, and assisted
in the reorganization of the
banking system there, which
has been in bad shape, and the
National Bank of Commerce was
organized, when E. R. Malone
was made cashier and removed to
that city. Now, the American
National Bank, which was or-
ganized several years ago by the
late W. C. O'Neal, has put him
at the head of the institution.

The Malones are known throu-
out this section as successful
bankers, and it is likely through
their reputation it was made
possible for the financial institu-
tions of Pensacola to be put in
good shape.

John Malone will go down to
Pensacola next week, and will
move his family within the next
few weeks.

HIGH SCHOOL TEAM LOSES TO ENTERPRISE

The football team of the Do-
than High School, went down in
defeat at Enterprise yesterday,
although the local boys are said
to have played some fast foot-
ball—but too late in the game.
The score was 25 to 6.

morning at 11:00 and in the
evening at 7:00.

There will be an afternoon ses-
sion of the Baptist Young Peo-
ple's Union, to which all are in-
vited.

No B. Y. P. U. in the evening,
as this will be absorbed in the
afternoon session.

Workers' meeting Monday af-
ternoon at 4:00.

Prayer meeting Wednesday
evening at 7:00.

Strangers and visitors are cor-
dially invited to all the services
of this church.

E. H. Jennings, Pastor.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Theodore's Black-Drugg.

McDuff, Va.—"I suffered for several
years," says Mrs. J. B. Whitaker, of
his place, "with sick headache, and
stomach trouble."

Ten years ago a friend told me to try
Theodore's Black-Drugg, which I did,
and I found it to be the best family medi-
cine for young and old.

I keep Black-Drugg on hand all the
time now, and when my children feel a
little bad, they ask me for a dose, and it
does them more good than any medicine
they ever tried.

We never have a long spell of sick-
ness in our family, since we commenced
using Black-Drugg.

Theodore's Black-Drugg is purely
vegetable, and has been found to regu-
late weak stomachs, and disordered
bowels, indigestion, colds, whooping
cough, sick headache, and similar
symptoms.

It has been in constant use for more
than 70 years, and has benefited more
than a million people.

Your druggist sells and recommends
Black-Drugg. Price only 25c. Get a
bottle to-day.

GERMANS TO TAKE CONTROL OF FOOD STUFF

Berlin, Nov. 12.—Absolute
control of all food supplies by
the government in Austria-Hun-
gary, as well as Germany, is ex-
pected to result from the con-
ferences between Dr. Von Beth-
mann-Hollweg, the imperial
chancellor for Germany, and Bar-
on Burian, the Austrian foreign
minister.

Announcement was made here
today that food stuffs of every
description will be under control
of the government and the chan-
cellor will also make public a
list of maximum prices shortly,
showing what grocers, meat de-
alers and others may charge.

The rich as well as the poor
will be subject to the irregular
food restrictions. The man with
millions will pay the same prices
as the day laborer and he will
get no more than his less fortun-
ate brother.

Coffee, tea, cocoa, chicory and
other articles that might be
classed as luxuries in war time,
have been added to the list.

The federal council has author-
ized the imperial chancellor to
issue regulations concerning them.

Blackwheat, millet, marlinsdes
honey, vegetables, fruit and
safer grain will all be subject
to maximum prices.

In communities with more
than 10,000 population the au-
thorities will be required to fix
maximum prices by which the
retailer must abide.

According to the government,
there is no food shortage either
in this country, or Austria.
The measures taken being purely
precautionary. A more equitable
distribution of food will result
and the dangers of hunger
among the poor during the com-
ing winter will be alleviated.

For Sale—50 White Lechorn
hens and bullets. B. W. Glen-
dine.

For Sale—One two-passenger
automobile, fully equipped, elec-
tric lights, and electric starter.
Will sell or trade for real es-
tate. Auto, Box 403, Dothan,

ity in pretty patterns at one
dollar.

REDUCTION IN BALES GINNED

Report of Special Agent Dykes
Gives Interesting Figures on
Cotton Situation.

HOUSTON COTTON IS SHORT 6,733 BALES

With Coming of the Boll Weevil
Farmers Will Likely Turn
Production of Food and Meats
At Home.

One of the best indications of
the shortage of the cotton crop
in Houston county this year, and
which would also indicate, in a
way, that the farmers must be
turning to other crops, is the re-
port of special agent John M.
Dykes, which shows a decrease of
6,733 in the number of bales
ginned.

The condition that exists in
this county is also largely true
as applied to other counties and
other cotton-growing states,
there being an appreciable de-
crease in the cotton crop. With
these conditions prevailing, it is
argued by some that cotton
should soar even higher, and
that every farmer who is in finan-
cial position to do so should
hold all cotton possible for high-
er prices.

With the coming of the boll
weevil—and he is already here—
there will be a shorter cotton
crop next season with a corre-
sponding increase in grains, the
various food stuffs, and cattle
and hog raising. The slogan
will be, from one end of the
county to another—diversifica-
tion on a sensible, practical basis.
Agents of the government assist-
ed by local helpers are urging
diversification in all parts of the
state adaptable to farming.

Dykes' Report.

"There were 19,993 bales of
cotton ginned in Houston coun-
ty, from the crop of 1915 prior
to November 1, 1915, as compar-
ed with 26,626 bales ginned prior
to November 1, 1914."

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morn-
ing helps us look and feel
clean, sweet, fresh.

Happy, bright, alert—vigorous
and vivacious—a good clear
skin, a natural, rosy complexion
and freedom from illness are as-
sured only by the clean, healthy
blood. If only every woman and
likewise every man could realize
the wonders of the morning in-
side bath, what a gratifying
change would take place.

Instead of the thousands of
sickly, anemic-looking men, wo-
men and girls with pasty or mud-
dy complexions; instead of the
multitudes of "nerve wrecks,"
"rundowns," "brain fags" and
pessimists we should see a virile,
optimistic throng of rosy-cheek-
ed people everywhere.

An inside bath is had by drink-
ing, each morning before break-
fast, a glass of real hot water
with a teaspoonful of limestone
phosphate in it to wash from the
stomach, liver, kidneys and ten
yards of bowels the previous
day's indigestible waste, sour
fermentations and poisons, thus
cleansing, sweetening and fresh-
ening the entire alimentary can-
nel before putting more food in-
to the stomach.

Those subject to sick headache

MEN IN NEW BEATSUGHT TO REGISTER

There is a new state law which
requires all voters who move
from one beat in a county to an-
other beat to register in the lat-
ter beat, which greatly aids the
officials in keeping track of all
the voters.

This law is a simple one to
comply with and one that all vot-
ers could abide by without go-
ing to but little trouble. There
are no doubt men in Houston
county at this time who have
changed their place of residence,
and have not registered in their
new beats.

Probate Judge A. C. Crawford
called attention to this registra-
tion law today and asked that
all those who have moved into
new beats be requested to regis-
ter.

BEN PAYNE ARRESTED.

Ben Payne, charged with vio-
lating the prohibition laws, was
placed under arrest yesterday.
Deputy Sheriff's Gaddy (Tranger
and Ross Hornsby) raided Payne's
place in Fruitland where it is
said they found two plants, three
half-pints and a soda water bot-
tle containing intoxicants.

BROWN IN BIRMINGHAM AT EDUCATORS MEETING

J. Y. Brown, superintendent of
the Dothan City Schools, and
candidate for state superintendent
of education to succeed the
present incumbent, Hon. William
F. Fennin, is in Birmingham at-
tending a meeting of the state
association of city school super-
intendents.

millionaires, nasty breath, rheu-
matism, colds, and particularly
those who have a pallid, sallow
complexion and who are com-
pated very often, are urged to
obtain a quarter pound of lime-
stone phosphate at the drug store
which will cost but a trifle but
is sufficient to demonstrate the
quick and remarkable change in
both health and appearance
awaiting those who practice in-
ternal sanitation. We must re-
member that inside cleanliness is
more important than outside, be-
cause the skin does not absorb
impurities to contaminate the
blood, while the pores in the thirty
feet of bowels do.

EYES TIRE WHEN YOU READ?

If they burn and itch a lit-
tle after an hour's reading,
it's your first warning that
you need glasses.

And you had better heed
that first warning. You only
have one pair of eyes and you
can't afford to trifle with
them.

Come in today and let one
of our expert opticians give
you a thorough examination
and advise you as to what
glasses will serve you best.

BONFAY RICE MILL NOW IN OPERATION

Will Clean 100 Bushels of Rice
Daily if Grain is Well
Matured.

LARGER VARIETY OF RICE IS PREFERRED

Holmes County, Florida, Dem-
onstrates What May Be Done in
the Rice Industry There.—To
Have Regular Cleaning Days.

The rice cleaning mill of the
Bonifay Milling Company has
been running at full capacity
this week and doing good work.
Of course it is not expected that
the mill will turn out a good
product when the rice is not in
good condition for cleaning.

The capacity of the mill is
about 100 bushels daily where
the rice is well matured, thresh-
ed and dried. Up to date about
three hundred bushels have been
cleaned and it is estimated that
there will be from fifteen hun-
dred to two thousand bushels to
be cleaned here. It has been
found that the larger varieties
of rice clean more rapidly and
with less breakage than the
smaller varieties, such as Japa-
nese rice.

The company will clean all the
rice that comes in this week, but
for next week, on account of in-
stallation of the feed mill and
grist mill, which will interfere
with the running of the rice mill
there will be no rice cleaned un-
til Friday when the mill will run
for that day and Saturday. By
the latter part of next week the
company hopes to be able to an-
nounce which will be regular rice
cleaning days.

The plant, when completed,
will not only clean rice, but will
manufacture a high grade meal
from select home-grown corn. It
will put out from time to time
several brands of feedstuff, the
first of which will be "Horse
Feed," composed of a mixture
of home grown products, the
analysis of which will probably
be higher than feeds commonly
found on the local market. This
feed will be put up in very at-
tractive bags, bearing an adver-
tisement of the feed and the com-
pany.

The establishment of this plant
is a great step forward and
means more to the agricultural
development of this section
than anything heretofore at-
tempted. It will not only keep
at home dollars that have been
going to enrich and develop other
sections, but will also provide
a cash market for the products
of our local farmers.—Holmes
County (Fla.) Advertiser.

"A POOL THERE WAS."

Rudyard Kipling's enchanting
poem, "The Vampire," because
of its truths, impressed the pub-
lic of the entire world to possi-
bly a greater extent than any
poem that has ever been written.
Porter Emerson Browne grasp-
ed the opportunity and dramat-
ized the work to such advan-
tage that Robert Hilliard made
a most pronounced and success-
ful starring tour in the dramatiza-
tion under the title of "A Pool
There Was," which is one of the
most successful plays in the his-
tory of the American stage. "A
Pool There Was" will be pre-
sented at the Auditorium on
Tuesday night, November 16.

Through special arrangement
with Messrs. Klaw and Erlanger,
Mr. Robert Campbell, under
whose direction the play now is,
will offer the production with an
exceptional cast of artists, whose
names stand for everything good
dramatically and a pretentious
production which will make this
event the most talked of occasion
of the season.

A Fowler was here today on
business.

CONVENTION TO BE AT PANSEY

County Sunday School Conven-
tion at Liberty Church Next
Tuesday and Wednesday.

STATE WORKERS ON THE PROGRAM

Several Dothan Speakers Will
Make Addresses at the
Meeting.

Dothan Sunday School work-
ers will no doubt attend the an-
nual convention of the Houston
County Sunday School Associa-
tion at Liberty church, Pansey,
Tuesday and Wednesday, as an
excellent program for the occa-
sion has been prepared.

At this convention the county
Sunday Schools in the county, it

MISS MINNIE ALLOGOOD

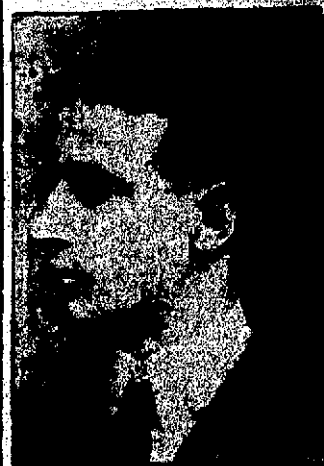

is expected, will be represented
by delegates, as well as the Sun-
day Schools in the towns and
incorporated villages.

Dothan Workers on Program.

Aside from the state workers
who will make addresses, they
being Leon C. Palmer, state se-
cretary, and Miss Minnie Allgood,
field secretary, quite a number
of Dothan persons have parts
in the program. They are H. E.
McClintock, Mrs. J. L. Crawford,
L. E. Morgan, Mrs. J. W. Battle,
Dr. H. H. McNeill, Rev. W. H.
Tew, T. W. McKnight, and Rev.
Robert A. Campbell.

The convention will be called
to order with devotional exer-
cises Tuesday morning at 10:00
o'clock, and the last session will
be held Wednesday afternoon.

It is expected that every Sun-
day School in the county will be
represented, and no doubt a

LEON C. PALMER

great deal of good will be ac-
complished.

Palmer and Miss Allgood.
A great deal of interest is ex-
pected in the fact that Leon C.
Palmer, the state secretary, and
Miss Minnie Allgood, field
secretary, will attend the con-
vention, and will also make ad-
dresses at the Sunday School

GOVERNOR AND BOND ISSUE
(Mobile Register.)

What Mr. W. K. P. Wilson wrote The Register as to the provisions of the law safeguarding the proposed bond issue is fine. We are glad that these provisions are in the law, and that public attention is called to them.

The Register may not have expressed itself adequately on this issue, however, when it asked the governor to take the people into his confidence and tell them all about it in short, to lay his cards upon the table.

What, we ask, is the financial situation? What the prospect that the state will get out of its trouble by the issue of \$1,500,000 short term bonds? What the revenue, the income and the present rate of deficit? What can be relied upon for increase of revenue? What, in case of no increase, will be done to cut down expenses?

Will an issue of \$1,500,000 in bonds be enough; or will there be a call for another issue? The answer to this is one of the cards the governor should lay upon the table.

The necessary thing is for the state to get back to a cash-paying business. To do this, there must be either a material increase of revenue or a material reduction of expenses. With a deficit of from two and one-half to three million dollars already experienced, one or the other measure must be relied upon to bring relief. The bond issue is but the stop-gap.

To obtain a popular vote in favor of the bond issue, the governor should know that the bonds will do the work; i. e., tide over to a time when income will be equal to outgo from the state treasury. What is known in the governor's office concerning this matter? The immediate need of money is well enough recognized by some of us, as is also the fact that money can be immediately obtained most economically by a bond issue; but the voters have yet to be persuaded that there will be such business administration as will enable the state to take up the bonds as they fall due. It is on this and associate points that the governor should speak. The situation has not remained as in January last, nor yet in June last. It has grown worse apparently. A new deliverance on the subject is greatly needed. The people wish to be shown.

"TWILIGHT ZONE" AMERICANS.

Living abroad are thousands of Americans who prefer to reside in foreign countries than in the United States. They are known in European circles as "Twilight Zone" Americans, says the Memphis Commercial Appeal.

They have not repudiated the United States. They have not legally become citizens of England, France, Germany or of any other country in which they at present reside.

Now that the war has made living in foreign countries a rather precarious matter, these same semi-alien seek to return home, where they can enjoy the protection Uncle Sam affords all of his sons and daughters.

They are finding this a serious thing to do. It was believed that all they had to do was to apply for a passport and purchase a steamship ticket.

The foreign nations involved in war are growing more and more particular who they permit to pass through their gates. These "Twilight Zone" Ameri-

cans have resided for many years amidst foreigners. Some have almost forgotten old friends of their home city. They have entertained the most unpatriotic ideas of the eternal fitness of living and frown upon their fellow countrymen.

Now that they are face to face with danger, they are only too glad to come back, and those who are being detained are sending to Washington piteous appeals for help.

The three great steamship companies plying the Atlantic have adopted a rule not to carry from English shores anyman over 15 years of age eligible for military service.

This brings up a question which has been considered before the advisability of limiting the length of residence abroad. This government should and will protect all citizens of the United States, but when an American shows so little interest in his own country as to reside in Europe for 10 years or longer he should lose the right of protection. He should at least designate his future intentions and live accordingly.

In the present instance the American held abroad will be permitted to return, but not until their records have been thoroughly investigated.

In the meantime these "Twilight Zone" Americans will have to endure the inconvenience of police espionage. Such Americans seem to be decidedly less desirable than the hyphenated brand.

VARIETY IN HIGH EXPLOSIVES.

From the Kansas City Journal.

Explosives are solids which, under certain conditions, suddenly change into heated gas occupying many times the original space of the solids. Ordinary gunpowder, when fired, turns into gas, of which the volume is 4,000 times as great as that of the powder. No wonder the bullet in front of it leaves the muzzle of the rifle in a hurry.

Today there are scores; even hundreds of different sorts of explosives known to science. Some such as lyddite, require a very considerable shock to explode them. Others, such as nitroglycerin, are fearfully dangerous to handle, for a few extra degrees of warmth or a very slight jar is sufficient to turn them instantly into gas.

Of the latter type there is nothing quite so unstable as iodide of nitrogen. It has to be made in alcohol. When allowed to dry it appears as a brown powder, and so unstable is that powder that a touch with a feather will set it off. The experiment has been tried of leaving

Have your tires been 99% satisfactory during the past two years?

If in 1914 and 1915 you have used ten tires and one has "gone bad," you have only been 90% satisfied. If two have "gone bad," your score is reduced to 80%.

In 1914 and 1915, out of every million Diamond Squeegee Tread Tires, 999,000, or 99% have made good.

Was your percentage that high?

If nine friends and yourself had between you, in 1914 and 1915, bought 100 Diamond Squeegees for your cars, but one tire out of the whole lot would have required adjusting.

If it takes you 15 years to use up 100 tires yourself, in all those years only one Diamond Squeegee will cause you any trouble.

These are facts based on the law of averages—upon which billions are invested in the life insurance business.

Start using Diamond Squeegees. You can't beat "99% satisfaction" in the tire business.

Diamond "Fair-List" Prices:

Size	Diamond Squeegee	Size	Diamond Squeegee
30 x 2	\$ 9.45	34 x 4	\$20.38
30 x 3 1/2	12.90	36 x 4 1/2	\$4.70
32 x 3 1/2	14.00	37 x 5	\$3.90
33 x 4	20.00	38 x 5 1/2	\$4.00

FLORIDA CITY WHERE WOMEN HAVE BALLOT

Southern women are not quite voteless. [Fellesmere, Fla., has led the way by giving its women municipal suffrage. Mrs. W. H. Dial of Jacksonville, Fla., told the story of the Fellesmere charter in an address before the equal suffrage league of Richmond, Va., which is quoted by the Times-Dispatch.

"Fellesmere," said Mrs. Dial, "is a new lumbering town, which has grown up quite suddenly around the lumber mills of P. A. Van Agnew. Mr. Van Agnew himself took up the question of obtaining a charter for the town. At his suggestion municipal suffrage for women was included. One of the most brilliant lawyers in the State who was commissioned to draw up the charter, was instructed to find, if he could possibly do

so, anything in the state constitution or elsewhere against the legality of such a clause. When he announced himself quite unable to find any legal ground on which an objection could be raised, the charter was submitted to the Legislature for ratification.

News and Views With the Dealers

DELCO 1916 OUTPUT WILL BE 125,000 SYSTEMS

Dayton, Ohio—During the month of September, the Delco factory at Dayton, produced 14,515 complete systems of starting lighting and ignition equipment in addition to many separate ignition systems. This was the largest month's business the company has ever

produced, and brings the number since January 1 up to nearly 100,000 systems. The factory is still behind its schedule, and will build upwards of 125,000 systems this year. In the meantime, the work on the new building is progressing. It is concrete, brick faced structure, and five stories have been poured. The brick facing has already begun to appear, and

will be completed within a very few weeks after the concrete part is done.

This new building will more than double the floor space of the Delco plant. It is an entire block in length, 420 feet to be exact, and 88 feet in width.

MOTOR RATING IS NOT GUESS WORK

Horsepower Formula Represents Experience of Engineers and Is Standard.

Editor Auto Page: Please advise me how you find the actual rating, or is it guess work. Is this rating taken from measurement of cylinder or does the engine actually develop that under brake test?

T. T. S.
The actual rating of a motor is not guess work, as you have stated. It is obtained by considering the bore of the cylinders and the speed of the pistons. The formula which is now in general use throughout the United States assumes that the average speed is 1,000 feet per minute for all motors regardless of the length of stroke. This figure has been arrived at after careful consideration and experiment and has been adopted as a standard. The formula is as follows:

D2 N
2.5
In this formula D represents the diameter of the piston or the cylinder and N is the number of cylinder. The figure 2.5 is a constant which is used for all four-cycle motors regardless of size and make. Using this formula the horsepower rating of a four-cylinder motor with a bore of 3 1/4 inches would be 19.61. This figure is an arbitrary one and is useful primarily for comparative purposes. It is not an indication of the maximum horsepower possible to obtain from a given size motor. The maximum horsepower possible can be ascertained only with the use of a dynamometer. Without exception the modern motor will develop considerably in excess of the horsepower in-

dicated by this formula.

AUTOMOBILE SALES FOR THE PAST WEEK

Dothan Dealers Are Selling Cars Faster Than They Can Deliver.

BETTER CARS BEING SOLD
Buyers Look Offerings Over Before Buying.

Automobile dealers report a brisk week both in point of sales made and deliveries.

The cold weather in the north and west has somewhat lessened the demand from those points, consequently the manufacturers can give attention to the demands for 60 inch tread production for this section.

Buyers are looking the market over carefully before deciding upon the purchase of a car and investigating the claims of the various makers.

Among the sales reported for this week are:

Hughes Auto Co. (Maxwell Dealers); Z. D. Adair, Ponca (Levon, Fla.); Mrs. P. E. Russ, Panama City; F. M. Turner, Millville.

Southeastern Alabama Auto Co. (Buick Dealers) C. W. Blain, E. C. Arnold, Abbeville, Ala.; H. C. Price, Newville, Ala.; R. B. Forrester, Dothan; Coca Cola Co., Marianna, Fla. (truck); W. L. Peel, Marianna, Fla.

Dothan Foundry & Machine Co. (Studebaker and Oakland Dealers); Dr. E. N. Passmore, (Studebaker 4); C. C. Bush, Dothan, (Studebaker 4); W. M. Lannier, Hartford, Ala., (Studebaker 6).

Houston Motor Car Co. (Overland and Hupmobile Dealers); John Skipes, Slocomb, (Hupp); Dr. Herring, Slocomb, (Hupp); Mr. B. W. Armstrong, Hartford, (Hupp); Dr. Dick Yates, Elba, (Overland); A. L. Wells, Chipley, Fla., (Overland).

56 IN. TO BE STANDARD TREAD

N. A. C. C. Directors Vote for Uniformity in This Respect, Beginning July 31, 1916.

New York.—At the meeting of the board of directors of the National Automobile Chamber of Commerce, Inc., held here it was decided to standardize the tread in motor vehicles at 56 in. after July 31, 1916. This will bring into line many vehicles which heretofore only varied from the given measurement by a fraction of an inch. A large majority of cars now in use has the 56 inch tread. The Chamber will hold its usual banquet during show week.

The traffic department's report indicated continued rapid shipments of motor cars. This has resulted in a shortage of freight cars, but the makers are co-operating with the railroad companies to avoid any serious delay in shipments.

Regarding the deliberations leading up to the adoption of the 56-in. tread, the committee on treads met in Detroit not long ago and prepared its recommendations. The trade has been broadly canvassed with the idea of securing the viewpoints of the manufacturers and the result was that it was decided to drop the practice of making 60-inch tread for the Southern trade. It was discovered that

HUDSON TO CONCENTRATE ON SIX-CYLINDER TYPES

Detroit, Mich.—Rumors that the Hudson Motor Car Co. intended to bring out a twelve-cylinder motor have been heard many times during the last few months. There was even talk about a Hudson eight. To set everybody at rest, the Hudson company has now made a definite announcement to the effect that it will confine all its energy to the Hudson six, believing this to be the best motor.

In its announcement the company says: "The refinement and development of the six-cylinder type of motor leads us to believe that it surpasses in simplicity, low cost of upkeep, performance and general adaptability any other type of motor so far developed for use in pleasure vehicles."

only in very few sections of the country were the roads in such a condition that the 56-inch tread offered any difficulty and the result was that they have all agreed to the 56-inch standard. One of the difficulties said to be in the way of the 60-inch tread is that the manufacturers cannot trade their molds on the 56 inch standard with a result that orders for 60 inch tread are slow-tracked until the factories are under less pressure.

Correct Wearing Apparel

We are making honest, conscientious meritorious effort to provide fashionable wearing apparel for the women of this section. We do not buy the same class of merchandise for our better trade that is bought by the large city department stores catering to cheap and medium trade, for the women patronizing these stores look like sheep—all alike. We buy our ready made garments from the exclusive manufacturers who supply the smart 'up town shops' of New York, and like stores in other style centers.

Every Suit shown has a style distinction of its own. Not two Suits here, of the better sort, are alike.

If you buy your Suit here, you need have no fear of meeting another like it.

Every Garment here, of the better kind, is designed for women of good taste who want something different.

A life-time experience, with the proper environment and natural gifts, enables us to choose the best of best styles.

Economical buying is not properly measured by the price you pay—but what you get for what you spend.

You never really know the value of a Foy-Williams Suit until you have compared it with one "just as good."

The average person is honest and believes that honest effort should be rewarded by their patronage—this is why this store grows in the hearts of the better class—this is why your list of personal friends grows continuously.

Suits, \$15.00 up : Dresses, \$6.50 up

FOY & WILLIAMS

Dothan's Best Store

with six pink candles formed the centerpiece. Shower bouquets of roses were prettily used.

Master Chalmer's guests were: Frances Porter Wafford, Carrie France, Boyd, Edward Crawford, Marjorie Moody, Drewry Flowers, Cyrena Jennings, Buster Jennings, George Malone, Robbie Walker, Elizabeth Walker, Edna Green, Eleanor Pike, Mary Lela Bennett, Adelaide Jones, Annie Golden Harmon, James Grant, Kenneth Giddens, Jack Essery, Arthur Essery, Harry Lee Fautk, Bert Byrd, Mary Rutledge, Kendrick, Hickey Chapman, James Rogers, Bennie Lou Hodges, Evert Hodges, Paul Flowers, Helen Jones and Caroline McCallum.

Master Neill McCallum, Miss Virginia Rabb and Miss Mary Louise Campbell assisted in entertaining.

Mrs. Black, Hostess—

The Study Club held a very interesting meeting with Mrs. M. D. Black Friday afternoon. Vases of yellow chrysanthemums were prettily arranged in the living room.

In the absence of the president, Mrs. Ernest Ford, the meeting was presided over by the vice president, Mrs. M. A. Ellison.

The following program was splendidly prepared:

Roll Call: Quotations from English Poets.

Paper: "The Commonwealth" Mrs. T. H. McIntyre.

Selections from "Gulliver's Travels" Mrs. J. Ray Jones.

Character Sketch, Oliver Cromwell, Mrs. C. L. Collier.

Discussion, Parliamentary Law, Mrs. W. C. Eritter.

After the program Mrs. Black served a delicious salad course, assisted by Mrs. Joe Lisenby and Mrs. C. L. Collier.

Change of Wedding Plans—

On account of the illness of Mrs. L. S. Deal, the wedding plans of Miss Nannie Watson and Mr. Mason Childs have been changed. Accompanied by Mr. and Mrs. O. D. Watson and several intimate friends Miss Watson and Mr. Childs will go to the Methodist parsonage where the ceremony will be performed by Rev. Mr. H. H. McNeill.

Immediately after the ceremony, they will leave for Hartford for a few days visit to Mr. Childs' parents, after which they will be at home with Mr. and Mrs. Metcalf.

Brief Personal—

Mr. and Mrs. J. E. Henderson of Troy, are spending several days here.

Mr. and Mrs. Charlie Newton and Mr. and Mrs. Ed Hawkins are spending the week end with relatives of Mrs. Newton in Barbour county.

Mr. and Mrs. Fred Thomas are attending the Marion fair.

Mrs. A. H. Strickland and children, Jack and Elizabeth, left this morning for Ashford to spend a few days with relatives before returning to their home in High Springs, Fla.

Master Chalmers McCallum Entertains At Party—

Master Chalmers McCallum proved to be an ideal host yesterday afternoon, when he entertained thirty little friends in honor of his sixth birthday. For some time all kinds of games were indulged in, and then the little friends were invited into the dining room where delicious cake and ice cream cones were served. The dining table was unusually pretty in the color plan of green and pink. From the chandelier streamers were festooned to each corner of the table and the birthday cake
